

A diagram of a business card template. It features a white central area surrounded by a light blue border. A dashed green line indicates the finished size, and a solid blue line indicates the bleed area. The background is a red and yellow diagonal striped pattern. Scissors icons are placed at the corners and midpoints of the dashed line. A grey box in the top left contains product information. Three colored squares (blue, green, yellow) are connected by lines to their respective sections: SAFE AREA, TRIM, and BLEED. Dimensions of 85mm and 55mm are shown with arrows. The fineline DESIGN logo is at the bottom center.

PRODUCT: BUSINESS CARD
PORTRAIT

Finished size: 55mm X 85mm
(Artwork size 61mm x 91mm
including bleed)

SAFE AREA

Take care to ensure none of your important stuff encroaches into the safe area.

Text and graphics placed too close to the edge look untidy and are at risk of being trimmed off.

TRIM

This dashed line indicates the document's finished size once trimmed.

BLEED

The area any background elements should cover if you want them to extend to the very edge of the page.

We require 3mm bleed all round.

When you're done, please don't forget to hide these guides in the layers window!
